She explained things so that everything seemed easier to understand. She also went over exams, which helped me understand where I made mistakes. Her explanations are really good. I liked that she went over what we learned that week and examples.

I didn't attend T.A.'s and instead allocated that time to reviewing my lecture notes, but I imagine she was a really good T.A..

Tatiana's notes were extremely helpful for this course. She did a great job answering questions too.

Their grading is random and unexpectedly inconsistent. The grades do not measure the actual strength of knowledge some students in this class have. It doesn't seem accurate.

Amazing TA for ECN 101! Tatiana was always willing to explain concepts if students needed clarification.

I only went to one discussion but when I went it really helped me understand what was going on in the class and I liked how the TA explained it.

Evaluate only the TA (s) with whom you attended discussion section and/or office hours.

I didn't attend discussion sections nor T.A. office hours and instead allocated that time to reviewing my lecture notes, but I imagine she was a really good T.A..

TA was great!

good

Jay was my TA but there is no section for his evaluation (and I unfortunately had no sessions/OH with Tatiana) so this evaluation will be for Jay.

Tatiana Hiller

idk

The TAs split sections, so I had sections with Jaejun, Tatiana, and Socorro
